

Mock Design:

A mobile application mockup for a login screen. The interface features a dark purple background. At the top, a status bar shows 'GS' signal, '9:41 AM' time, and '58%' battery. Below the status bar is a white search bar with a magnifying glass icon and the text 'Search'. A light gray button labeled 'Short-term Renting' is positioned below the search bar. The main login area contains three light gray input fields: 'UserName', 'Password', and a 'Log in' button. At the bottom, there is a teal 'Sign up' button and a link 'Don't have any account'.
